## THE SIGN OF MERCY

SONS AND DAUGHTERS OF BRITISH EMPIRE GIVE PROGRAM  
FRIDAY EVENING

Under the auspices of the Sons and daughters of the British Empire a program will be given in the Glendale High School auditorium in the interest of the Red Cross work. Some of the most superior talent to be obtained has been secured for this program including Mrs. Coral Harrison Sloan, and those in charge hope for a large attendance. There will be no admission charged but those who wish may purchase a copy of the souvenir program for 5 cents.

This society was formed not with an objective of aiding any one power, but to give every assistance to other Red Cross Societies which at the present time are engaged in the relief of sick and wounded during this stupendous conflict now being waged in those distant countries.

The work of the Red Cross Society is one of mercy. Its one grand object is to alleviate in some degree the terrible suffering and to conserve the human life.

Amid the roar of cannon and the thunder of musketry, on fields watered with human blood, it raises its emblem of mercy and sends forth its swift and silent messengers to succor the wounded and comfort the dying, and history will write the names of its fallen heroes in letters of gold.

### BRILLIANT PROGRAM

To call the program given by the Tuesday Afternoon club at the regular meeting in the Masonic hall, on Tuesday, unusually interesting, would be expressing it too mildly, for every number was wonderfully brilliant and endless credit is due Mrs. E. W. Kinney, curator of the musical section of the club, in arranging such a program.

From the beginning of the first number until the last strains of the finale the music was glorious and if it were in the province of the Tuesday Afternoon club to prophesy, surely great things would be predicted for the pupils of the Glendale High School orchestra with Miss Florence Heacock at the piano.

The second number, Three Little Christmas Songs, by six wee tots from the first grade, was heartily received. Twenty girls from the Intermediate school looked prettier and daintier than the rose they sang about in their fluffy frocks of pink and white. The two numbers were perfected under the careful training of Miss Margaret Wetherby, supervisor of music in Glendale Grammar and Intermediate schools, who also gave an able and sincere address on music and all it can stand for.

Miss Abbie C. Terry of the Oral English department in our High School proved an interesting talker, choosing as her subject, "Oral English in the High School."

The reading from "Land of Heart's Desire" was given most admirably by Miss Rebecca Gregg.

Most interesting proved the paper read by Mrs. Dora Gibson, director of music in the High School, and the pupils may indeed consider themselves fortunate in having such an instructor.

"Come, Let Us Adore Him," and "Open Your Window," composed by Miss Julia Grassell, class '16, are full of sweet melody and were a delightful surprise to her audience.

A rising vote of thanks was extended to Mrs. Gibson, unanimously voting thanks to Mrs. Kinney for her untiring efforts in obtaining such a program as that presented on Tuesday.

Mrs. McElroy gave an account of the Reciprocity Day of the Averill Study club, then an amendment submitted to change the by-law from holding regular meetings to, at such time as the executive board and advisory council find a meeting necessary.

The Philanthropic chairman requested all fruits, jellies and other articles be left at the McGillis Grocery store and Nash and Storm, before December 23.

Announcement was made of the Christmas party to be held in the home of that society's curator, Mrs. Mattison B. Jones, on the afternoon of Dec. 23, at 8:30 o'clock.

A resolution was passed to place Mrs. Josiah Thompson as next National President of Women's Clubs, Mrs. E. H. Whitcomb presiding.

Glendale, the accredited Austrian official, who was promptly and properly expelled from this country for his misbehavior, says that Austria and Germany will declare war on the United States. Germany, however, seems to think it has enough to do at this juncture.

## MUCH NEEDED CHANGE

SYSTEM OF NUMBERING HOUSES IN GLENDALE OUTGROWN  
USEFULNESS

The time has come for some change in our method of numbering houses in Glendale. The present system has outgrown its usefulness, and by reason of the expansion of the city is confusing to all visitors and newcomers. There was a time when the corner of Adams and First streets was perhaps an appropriate place to begin the numbering. Now this location is half a mile from the nearest business center, and is fully a mile from our other business center.

Tropico has wisely taken this matter in hand and revised her system of numbering, which was just as confusing as our own. Now a visitor to that city finds that the numbering begins from a central point located near the real center of the community.

I think nearly everybody will admit that our numbering North and South should start from Broadway, if any change is made in the system. The numbering from East to West should be from some prominent street running North and South, preferably a through street.

There is a system of numbering that is particularly well adapted to any city where the blocks are of irregular size. This system is used in Pasadena, and is very satisfactory. Instead of counting 100 to each block the numbers are based on the distance from the starting point. In Pasadena they figure 6 1/4 feet for each unit in numbering. For example, a house that is numbered 200 North Madison, is 200 times 6 1/4 feet from Colorado street, where the numbering started, that is, it is 1250 feet from Colorado street. One can always tell by this system the approximate distance the house is located from the starting point of the numbering system. The number on a house thus becomes an index as to its real location. This system takes care of irregular sized blocks more satisfactorily than any other plan I have ever seen. It has worked well in Pasadena. It will serve us equally well.

J. F. LILLY.

### RED CROSS CHRISTMAS SEALS SAVE LIVES

Every seal you buy is a bullet in the fight against tuberculosis. It helps to protect your country, your neighbor, your family and yourself from the disease and its cost.

Tuberculosis is our most destructive disease. One person out of every four in America who die between the ages of fifteen and fifty die from tuberculosis. It is a chief cause of poverty.

But it is preventable and conquerable. This war, man against disease, is a winning war—not a wasting war, man against man. It is The War That Pays—It Brings Prosperity.

Will you not enlist in this campaign by purchasing Christmas Seals? Red Cross Seals are on sale at the Glendale Pharmacy and at Spencer's store.

## BOOKS FOR CHRISTMAS

MRS. DANFORD TELLS OF PREPARATIONS FOR TAKING  
CARE OF VACATION  
READERS

"Christmas usually sees an increase in the number of readers in the public library," said Mrs. Danford, the librarian, to a representative of the Glendale Evening News. "I and my assistants are getting ready to take care of this coming demand. There will be many new books on the shelves by the time the schools close for Christmas and they will be suitable for readers of all classes.

"For the younger children we will have a very select array of new books, illustrated of course, and perfectly up-to-date. I have carefully gone over the most recent issues of all the publishers in this line and the children will find that their various tastes have been provided for. There has been a careful selection of books for girls and also for boys. The older people will find also that their needs have been considered and that there is a choice and useful addition to all classes of literature that will be appreciated by all readers.

"It will be remembered that during the summer vacation when we had a story-telling hour every Wednesday, which was largely attended by the children, sometimes to the number of more than 100, that one day was devoted to the works of James Whitcomb Riley, the poet of Indiana. Miss Scott, one of my assistants, had some time previous to her coming to Glendale become acquainted with Mr. Riley in Indiana, before his unfortunate illness, which has partly paralyzed him. She wrote to Mr. Riley telling him of the children's hour and of the interest the little ones took in his poems.

"This greatly pleased Riley and he sent a very pleasant communication to the children and a poem to be read to them. Afterward I had a group picture made of the children attending the story hour. The group was taken on the library stairs outside and was a very successful picture. I sent a copy of this to Mr. Riley. This week, in return for this attention, the poet sent me a very excellent portrait of himself and a card of thanks.

"I am pleased to note that there is a constant growing use of the library and that an increasing number of High School students make use of it in connection with their studies. This, with the privilege the members of the library have of using the State library, adds greatly to the efficiency of the schools and should do much to equip mentally the students here.

"At the coming library meeting in Los Angeles, on Tuesday of next week, I have been asked to take part in a discussion of the subject, 'The Library in Relation to Children.' My contribution to the subject will take the form of a talk on 'The Relation of the Glendale Library to Children.' I will have a good deal to say on this subject, as my acquaintance with it has been extended a great deal throughout last summer."

### TO SHOW GLENDALE CATS

At the cost of a great deal of trouble Glendale cat breeders are competing in the Los Angeles Cat Show that opened Thursday morning at 10 o'clock and will continue Friday and Saturday. The show is being held in the Carnival hall on Broadway. Among the 250 entries are several from Glendale. Mrs. N. N. Brown, of the Sunset Cattery, who is secretary of the society, has several exhibits. Mrs. Helen Harmon of the Rosemary Cattery has several registered, pedigreed, longhaired Persian cats in the show. Mrs. Kathryn Ross of the Red Wing ranch also has sent several of her prize-taking cats. Miss Marjorie Imler of Tropico and Miss Susine Wessels of Glendale, both prizetakers at the Glendale show, are exhibitors.

Mr. W. M. Ross of the Red Wing ranch is doing the "benching" and has his work cut out for him as there are 250 entries. Mrs. Helen Harmon is president of the Los Angeles Cat Society. Mrs. C. F. DeBlinn of Pasadena is the judge of the show. She has judged many shows and is popular and reliable.

### FOR LITTLE ORPHANS

The Good Templars have arranged and will hold a Christmas social in the Odd Fellows lodge room, Friday evening, December 17, at 8 o'clock. The program committee has obtained entertaining numbers and a jolly social time is promised, ending with a dainty repast.

No money is asked as an admission fee, but the Good Templars urge all who attend to bring a package containing some useful article for the little ones of the Orphans' Home. General public cordially invited.

## RETURNS TO GLENDALE

MR. ANTHONY AMBROSINI OF ST. PAUL, MINN., THINKS THIS  
IS IDEAL CLIMATE

Mr. Anthony Ambrosini, president and manager of the Forest Cemetery, St. Paul, Minn., arrived in Glendale Tuesday, Dec. 14. Mr. Ambrosini has large property interests in Glendale and thinks this is an ideal climate. He and Mrs. Ambrosini will shortly be settled in their own house at 446 S. Jackson street. Mr. Ambrosini bought that house two years ago for family use.

"We left St. Paul last Saturday," said Mr. Ambrosini to a representative of the Glendale Evening News. "When we left the weather was fine, though cold. There had been some snow previous to our leaving but the storm was insignificant and the fall soon disappeared. I believe the winter has set in in a marked degree since our departure. The temperature there Wednesday showed 16 degrees of frost and the highest point the mercury reached was 4 degrees below the freezing point. No wonder we prefer Glendale at this time of the year. I will stay here until the beginning of April.

"I have considerable interests in St. Paul. Besides my cemetery, which is one of the best-kept and most artistically laid-out institutions of its kind, I have other property and am also president of a large Community Mausoleum company. We are erecting a mausoleum that will have 1340 crypts, at a cost of \$300,000. The work on this building must be begun by May 1 and I must return to superintend it. The name of this company is the St. Paul Mausoleum company.

"It is likely that I will settle up my business in St. Paul before long and come and reside permanently in Glendale. I have a 4-acre ranch on San Fernando and Riverdale drive; a 7-acre ranch on Colorado boulevard and Broadway. It is probable that I will build houses on that tract. I have also 5 acres in Somerset, on the Santa Ana line, and a 200-acre ranch at Lemoore. Besides these pieces of property I have several houses in Glendale. So you see I have considerable interests in this place.

"We expect to spend Christmas with my daughter, Mrs. W. H. Sipple, who has a large ranch at Lemoore. Then we will reside in our own home in Glendale. I am glad to see how much improved Glendale looks even in the year that has elapsed since I was here last. The streets look beautifully clean and well-kept. The city is admirably lighted and is extending that system, improving its water service, asphaltting part of its main thoroughfare and generally making steady improvement.

"Glendale is now a vast contrast to what it was when I first bought property here, more than eight years ago. One has to be away from the place for a time to get the proper perspective on it. It has made a most wonderful advance and its present excellent condition is certainly due to good management. I anticipate much pleasure from my present visit to this charming city."

### GLENDALE BEATS U. S. C.

Following up its recent victories in the basketball field the Glendale Athletic club, Tuesday night, added to its laurels by beating the crack teams of the University of Southern California. The games were played in the University of Southern California gymnasium. A large audience attended and heartily applauded the efforts of both teams. Glendale's lightweight, 140-pound team, won its game by a score of 40 to 28. The playing was fast all the time, but the University boys were not so fast nor so experienced as the Glendale team. In this game Frank Littell did much excellent work as forward. Harold Latter as guard was impregnable most of the time.

In the Unlimited game the superiority of Glendale was even more manifest. The Glendale boys literally walked away with the honors. The score stood at the finish 41 to 17 in favor of Glendale. Taylor at center was a tower of strength. The lineup of the Glendale 150-pound team was as follows: McDonald and Littell, forwards; Lee, center; Latter, Padel-ford and Dewar, guards. The Unlimiteds were: Mitchell, Bidwell and Snively, forwards; Taylor, center; Stone and Farnar, guards.

It is reported that negotiations are under way by which a hall in Glendale may be secured for the athletic teams for a reasonable sum. It is to be hoped that this may be the case. The achievements of a first-class aggregation of athletes like that of the Athletic club is good advertising for this city.

WEATHER FORECAST—Fair to-night and Friday; continued cool; heavy frost Friday morning; north-east winds.

## FOREST GRAZING PRIVILEGES

During the past summer a great many stock farmers and others in Southern California have taken advantage of the privileges of grazing offered by the United States government in the national forests of the State. The greater part of the summer range in the Western States is in the forests. Under this system farmers have been encouraged to take their families along with them and migrate for the grazing months to the upper forest ranges where they have been able to live an ideal life at a negligible cost.

Under the regulated system the forage is utilized fully, without injury to the tree growth and the adequate safeguards against water-shed damage. There were grazed last year under pay permits 1,724,000 cattle and horses and 7,300,000 sheep and goats. Several hundred thousand head of milch and work animals were grazed free of charge and more than 3,500,000 head of stock crossed the forests, feeding en route, also free of charge.

Not including settlers who have the free privilege or persons who have only crossing privilege, there are 31,000 individuals who have regular permits. The advantages of this forest range grazing has been made widely known and the consequence has been that the number of animals now sustained in proportion to the area of the forests is 50 per cent greater than it was 10 years ago.

Since the year 1905 the number of persons holding grazing privileges has increased 200 per cent. This is due in part to the enlarged area of the forests, but can also be attributed to a larger use of the privilege by settlers and small stockmen. When the regulated system was established the forest ranges like the open public lands today were being rapidly impaired. The productivity of the land for forage in most places has been restored and everywhere is increasing. The industry has been made more stable; the stock comes from the forests in better condition; range wars have stopped; ranch property has increased in value, and a larger area has been made available through range improvements.

The forests have developed the stock industry. At different times in the grazing season immense herds of sheep, for instance, may be seen passing slowly over the hills of Kern county toward the better grazing of the forest ranges. Sometimes there are disputes as to the right of the stockmen to travel with their flocks over some of the hill country; but on the whole they have a free route to the grazing lands of the government.

Under the range regulation system these flocks have increased and many families have been induced to take up their abode on the ranges, community growth has been encouraged, settlement has increased, monopoly has been prevented and prosperity diffused. In other words public control has served social as well as economic ends. That is a conclusion worth pondering.

## SUDDEN IMPORTANCE OF THE BALKANS

At any time during the past twenty years if you had taken up a newspaper you could not have failed to have seen a flaring head, "Balkans on Fire," or "Balkans in a Blaze." The average reader must have wondered that they never burned out. As a fact, however, there were wars and rumors of war at all times in that center of unrest—Roumania, Bulgaria, Greece and Serbia. Any time during the past twenty years one would have sworn that war was bound to break out.

That condition of course could not prevail forever; so it was not wonderful that it suddenly came to climax when the Balkans went to war with Turkey. Weak, disorganized, ill-fed, ill-clad, with little or no ammunition at times, the Turks still put up a brave stand against the Balkan States, which advanced against the Moslem, animated with the old, the world-old desire for plunder.

It is strange how the Turk has been miraculously preserved. At the conclusion of the war of the Balkan states with Turkey it appeared as though the Turk would be swept out of Europe; but the powers intervened and Constantinople was kept intact, chiefly by the exertions of Great Britain and Russia. Adrianople, too, the holy city of the Turks, was restored to them.

Now the Balkans are on fire in reality. Serbia has been disrupted and dismembered. About 200,000 of her fighting men, along with a large number of her women and children, are bravely combating the Germans, Bulgars and Turks in the mountains of Montenegro. The Germano-Austrian troops are scattered all over the ancient kingdom of Serbia. Roumania is looking on at the terrible conflict doubting what she shall do. Greece is demobilizing her army and refusing to aid either Serbia or the Allies, to both of whom she is bound by treaty.

Within a few weeks a campaign fraught with the most tremendous importance to the world will be fought in the Balkans. Before many weeks are over the strengthened troops of the allies will be locked in dreadful conflict with the troops of the kaiser, the emperor of Austria, and the emperor of Bulgaria. Such a conflict was foreseen by no one when the present war began.

Whither the center of the fighting may soon shift it is impossible to say. Meantime the fleets of the nations and the armies of the world are gathering around familiar classic scenes. Olympus, the home of the ancient gods, looks down on the British and French fleets as they disembark thousands of troops daily at Saloniki. fleets as they disembark thousands of troops daily at Saloniki.

Over the sea the modern airships float airily, bringing remembrances of Daedalus and his wings and the fall of Icarus. Just the other day an aviator fell into the same sea. So history repeats itself. The airship is not a modern idea. The troops of the Allies are in the vicinity of the scenes celebrated by Paul in his Epistle to the Corinthians. They traverse the canal begun in the first century by Nero and finished just fifteen years ago. The whole setting of the present war is classical and antique. It will be doubly memorable after the modern fighting has been finished.

**PERSONALS**

Mrs. H. E. Loveless, of late resid-  
ing at 301 South Louise street, is  
leaving Glendale today for northern  
California, to be gone indefinitely.

Holiday guests expected during the  
coming week are Mr. and Mrs. W. R.  
Smith, of San Diego, who will visit  
in the Scott home at 315 Glendale  
avenue.

Miss Nellie Scott of 315 South  
Glehdale avenue has just returned  
from San Francisco, going north to  
witness the closing of the great na-  
tional exposition.

Miss Agnes Frostick, making her  
home with her sister, Mrs. Geo. Ban-  
nock, at 816 Lomita avenue, was a  
dinner and all-night guest on Wed-  
nesday of Miss Bull, in her Los An-  
geles apartment.

Tomorrow evening is the date of  
the formal Christmas dinner dance  
given by Mr. and Mrs. Russel Grundy  
in their attractive Rampart boulevard  
home, Los Angeles, to which Mr. and  
Mrs. T. J. Keleher have been bidden.

At the last meeting of the Saint  
Margaret Guild, held at the home of  
Miss Ethel Land, members voted to  
fill three Christmas baskets and pre-  
sent to that many families found to  
be worthy of assistance. Arrange-  
ments are in charge of Arline Halli-  
han.

After an absence of many weeks  
in Philadelphia, where urgent busi-  
ness called him, Rev. J. H. Henry  
has returned to Glendale and will be  
domiciled with Mr. and Mrs. W. M.  
Crawford at 916 South Central ave-  
nue. Mrs. Crawford is an only  
daughter.

A large vase from which extended  
four smaller ones connected by  
chains and retaining bright yellow  
blossoms and fern fronds, was the  
attractive table adornment used by  
Mrs. T. J. Keleher on Wednesday  
evening of this week, at which time  
the Keleher's complimented Mr. and  
Mrs. Howard Swindell with a dinner.

Residential members of the First  
Congregational church at Hawthorne  
are building a little church of their  
own. At the meeting of ministers  
held in Los Angeles on Monday, each  
was asked to donate a day's work  
on the new building which was  
agreed upon. Rev. E. H. Willford  
of our little city spent Wednesday  
placing boards and driving nails.

Mrs. Edward Lawrence Benson and  
two children, who have been the  
guests of Dr. and Mrs. H. C. Smith  
for the past week, have gone to their  
home in San Diego. Mr. Benson, who  
is an officer on the battleship Oregon,  
which has been transferred to San  
Diego since the closing of the Pan-  
ama-Pacific Exposition, came up to  
Glendale to accompany his family  
home.

**SON BORN**

A most acceptable Christmas bun-  
dle was left at the George A. Water-  
man home on Wednesday, December  
15, for their home was blessed with  
the arrival of a dear baby boy. Mother  
and little one reported as doing  
nicely.

**W. C. T. U. MEETING**

Next regular meeting of the Glen-  
dale branch of the W. C. T. U. will  
be essentially a peace meeting. Like  
many other Christian societies all  
over the United States the Glendale  
society is striving to create an at-  
mosphere favorable to the conclusion  
of peace between the warring powers  
and at the same time to arouse so  
strong a body of Christian sentiment  
everywhere that the nations may join  
to make impossible so lamentable an  
outbreak of war as the present cala-  
mity in Europe. The meeting will be  
held at the home of Miss Mary Ches-  
ter, 310 S. Louise street, Friday af-  
ternoon, Dec. 17. When the roll is  
called each member is expected to  
answer by contributing some item  
bearing on "Peace," failing that, on  
some current event. Everybody is in-  
vited. Remember the new member.

Mrs. Hoffmayr's bazaar of hand-  
made Christmas goods on display at  
576-578-580 W. 3rd St. 98t5.

**NORTH GLENDALE**

Mr. Alexander Mitchell of Kenneth  
Road, one of the official employees of  
the government, in the public land  
office, is enjoying a fortnight's vaca-  
tion period.

Miss Ruth Browne of 1620 Stock-  
er street is spending some time in  
Los Angeles as the guest of Mrs.  
Marie McDonald Bourne of West  
Twenty-fifth street.

Mrs. Bert J. Lyons and little son  
Master John, of 1617 Ruth street,  
spent the first of the week in Los  
Angeles with her mother, Mrs. J.  
Mayor of Bellvue avenue.

Mr. M. B. Wilson of Kingman, Ari-  
zona, is expected home by his fam-  
ily for the holidays, they at present  
being domiciled in the Casa Blanca  
apartments on North Brand boule-  
vard.

Mrs. I. C. Rice of 1632 Ruth street  
is entertaining as her guests at lunch-  
eon today (Thursday), Mrs. Alvin  
Rosson of Everett street and Mrs.  
Rosson's mother, Mrs. R. Rowe, of  
Ninety-second street, Los Angeles.

Miss Marion Rosenberger, the lit-  
tle daughter of Mr. and Mrs. J. Ros-  
enberger, of 1231 North Brand boule-  
vard, was brought home from the  
California hospital last Tuesday,  
whither she was taken some two  
weeks ago when threatened with  
pneumonia. We are very glad to an-  
nounce that the little girl is getting  
along very nicely and will soon be  
out again.

Mrs. A. E. Ditch of 318 North  
Louise street entertained at a pre-  
tily appointed afternoon luncheon on  
Wednesday of this week. Cecile Brun-  
ner roses were charmingly arranged  
throughout the living rooms and  
dining room, also the table, where  
covers were laid for ten guests, was  
further beautified with a beautiful  
centerpiece of the same lovely buds,  
and a full course luncheon was served  
by the gracious hostess. The after-  
noon was spent in social conversa-  
tion and a musical program.

**TROPICO**

Mrs. Margaret Park and Miss Em-  
ma Sherritt of Los Angeles were the  
guests Monday of Mrs. Myra C. K.  
Shirley of Columbus avenue.

Mrs. W. C. Calhoun, of Denver,  
Colorado, who, with Mr. Calhoun and  
son William, is spending the winter  
in Los Angeles, was the guest of  
Mrs. David H. Imbler of West Park  
avenue, Monday.

Mr. and Mrs. Nelson C. Ayres, who  
have been spending several months  
in Tropic, at the home of Mr.  
Ayres' parents, Mr. and Mrs. Samuel  
A. Ayres of North Central avenue,  
have returned to their home in Los  
Angeles, where they will spend sev-  
eral weeks.

**EVANGELISTIC MEETINGS AT  
CONGREGATIONAL CHURCH**

With the same punch with which  
he was accustomed to send his op-  
ponent to the ropes when in the prize  
ring, Eddie Young, the Evangelist,  
goes after sin. Last night the speak-  
er had for his text, "Whatsoever a  
man sows that shall he also reap." The  
words of Holy Writ gave the evan-  
gelist a fine opportunity to hit  
sin some mighty blows. To Mr.  
Young sin is an awful reality and  
not a mere figment of the imagina-  
tion. Only by driving sin out of the  
life can man be Christian.

While a man sows he should not  
forget that a reaping time must surely  
come. Although having spent a  
number of years in the "ring" and  
personally acquainted with all the sin  
of that kind of life the speaker says  
but little about it. He does not be-  
lieve in the practice of dragging into  
public gaze the shame and badness  
of one's sin. Christ, the only Savior,  
is the burden of the message.

Mr. Widney led an inspiring song  
service. Prayer was offered by Rev.  
Mr. Browning of the Naomi Avenue  
Christian Church of Los Angeles.  
Sixteen young people of this church,  
with their pastor, were present last  
evening, and contributed much to the  
interest of the meeting. Many of  
these were among the converts at the  
meetings recently held in Los  
Angeles by Mr. Young.

The meetings will probably close  
tomorrow night. Let more people of  
Glendale attend. This evening at  
7:45 o'clock at the First Congrega-  
tional Church, Third and Central.  
Speaker, Eddie Young. While these  
meetings are being conducted by the  
young people, older people should re-  
member that they are more than wel-  
come to attend these meetings. Yes-  
terday a large banner was put up in  
front of the church.

**YOUNG PEOPLE'S BRANCH**

This society held a very interesting  
meeting at the home of Mark C.  
Francy, 308 S. Kenwood street, Tues-  
day evening, Dec. 14. The meeting  
was presided over by Miss Vivian  
Engle, the president, in her usual  
charming manner. Several impor-  
tant business items were discussed,  
after which the meeting adjourned  
and refreshments were served. The  
next Y. P. B. meeting will be held  
Tuesday evening, Jan. 11, 1916, at  
the president's home, 340 W. Fifth  
street. A banquet given by the Los  
Angeles Y. P. B.'s will be held at  
the Y. M. C. A. in Los Angeles Sat-  
urday, January 8, 1916. A number from  
the local branch are planning to go.

**HOGS, CATTLE OR MEN—  
WHICH?**

"Michigan is making a vigorous  
effort to stamp out hog cholera. Hogs  
are marketable," said Governor  
Woodbury N. Ferris to the citizens  
of his State in a recent proclamation  
calling for co-operation in the anti-  
tuberculosis campaign. "Michigan is  
making a vigorous effort to 'stamp  
out' tuberculosis in cattle. Cattle  
are marketable. Why not make a  
strenuous effort to 'stamp out' tuber-  
culosis in men, women and children?  
Human beings are priceless."

Red Cross Christmas Seals are a  
means for every man, woman and  
child in the United States to have a  
share in "stamping out" tuberculosis.  
Have you bought your share?

**MRS. SLOAN CORRECTS**

I desire to correct the impression  
received by readers of 'he Glendale  
Evening News, to the effect that I am  
to be in full charge of the entertain-  
ment that is to be given in the Union  
High School, tomorrow, Friday even-  
ing. I am in no sense of the term in  
charge. I expect to give two read-  
ings, one an original comedy sketch,  
the other a scene from Hamlet. I  
have also several pupils who will take  
part in the program, but the man-  
agement of the affair is in far more  
capable hands than mine.

CORAL HARRISON SLOAN.

**NOTICE OF POSTPONEMENT**

The Young People's Branch have  
thought it best to postpone their ben-  
efit entertainment, on account of so  
many counter attractions, until Mon-  
day night, December 20, at the Pres-  
byterian church. No admission will  
be charged but a silver offering will  
be taken.

### Improvements of Roads

When the roads now under construction in La Canada are completed, this valley will have a very fine system of roads. Work on the state highway is progressing rapidly. The concrete has been laid as far as the La Crescenta line and the sub-grade is completed to the Crescenta bridge. The graders have almost reached Pennsylvania avenue.

The work on School street is nearly finished and the curbs and gutters on the north end of this street have been put in. This street is oiled macadam, twenty-two feet wide, with a seven-foot gutter on each side. The wide gutters with high curbs will solve the storm water problem as far as School street is concerned, it is said.

Property owners on Haskell and Burr avenue expect to have the streets improved in the near future.

A grading camp has been established on South Texas street this week. This street will be paved at once from Michigan avenue to Mr. McKay's residence in Flintridge. This important road in connection with the beautiful drive at Flintridge will make a splendid scenic trip for motorists.

Supervisor Pridham has announced that the preliminary work for the improvement of Roy and N. Texas street has been completed, and that the property owners on these streets will be granted a hearing in the near future.

Mr. E. T. Earl has made very great improvements on his property at Earlmont. This bids fair to be one of the best resident sections of La Crescenta. This tract has been very artistically laid out. The well-paved streets, 100 feet in width, wind through the property following the contour of the land. Many thousand dollars' worth of ornamental trees and shrubs have been planted, and as soon as the county roads leading to Earlmont are completed this will be one of the most attractive parts of the valley.

### Bible Study

Edward H. Brooks, president of the La Canada Valley Improvement association, has been appointed to conduct the adult Bible class at the church in La Canada every Sunday

morning at 10 o'clock. A large attendance is desired. A cordial invitation is extended to the members of the church not otherwise engaged and to people outside to join the class and participate freely in the discussion of the lessons.

The Bible, rightly understood and used, is the best book in the world. It is a good book in one, is the great moral and religious guide book of mankind so deplorably needed in all nations today, is the sheet anchor of our liberties, is the bulwark of all true civilization. It is not a book with which to build up and fortify divisive creeds, endless forms and ceremonies and a multiplicity of isolated warring sects in religion, but a book whose vital, self-evident truth, our one great purpose, should be to transmute into our conduct in all the relations of life.

As another year is soon to begin why not turn over a new leaf by taking a fresh interest in associated Bible study that we may enjoy its priceless benefits and thus be better prepared to do our part and exert a true influence as members of society?

### POULTRY SOCIETY TO MEET

Important matters will come up for discussion at the coming annual meeting of the Glendale-Tropico Poultry and Pet Stock association, which will be held Thursday, Dec. 16, at 8 p. m. A report will be presented concerning the recent Poultry Show and various other matters will be taken up. It is important that there should be a full attendance as the society will proceed to the annual election of officers for the ensuing season. The society depends on its individual members for that life and activity without which there can be no progress.

## EAGLE ROCK

Many entertainments come and go and are soon forgotten by most people, but the Olde Tyme concert given last week on Tuesday evening at the club house by the M. E. church choir will always linger in the memories of those who took part in it as well as the large number who attended the affair. Certainly not a more beautiful nor attractive concert was ever given in this city or better display of old time finery than that which graced this stage. The costumes were elegant and the singing of the loved old songs seemed to bring everyone back to those days long gone by when our great grandparents lived. The grand march took place at 8 o'clock sharp and the president's march was effectively played by Mrs. G. R. Kingdom. All of the numbers on the program received hearty applause and the old war songs stirred the hearts of the few old soldiers present. The following was the program:

President's march, Mrs. G. R. Kingdom; chorus of 30 voices, "Auld Lang Syne" with melodeon accompaniment; "Old Dog Tray," R. S. Crandall and chorus; "Jamie's on the Stormy Sea," Miss Olive Moe; reading, Miss Anna Feaster; "Beautiful Isle of the Sea," Miss Mildred Wight; "Tenting Tonight," George Wright and chorus; "Tramp, Tramp, Tramp," Robert Richardson and chorus; "Barbara Allen," Mrs. C. W. Sanders; quartet and chorus, "Old Folks at Home," Mrs. A. D. Crow, Mrs. G. R. Kingdom, R. S. Crandall, Geo. Wright; "Rock Me to Sleep, Mother," Mrs. Frank Wight; "Baby, I'm in Love," Geo. G. Congdon and male chorus; reading, "Deacon Brown's Courtship," Miss Esther Kolbe; "Lorena," Robert Richardson; "Dost Thou Love Me, Sister Ruth?" Miss Helen Grant and A. D. Crow; "No One to Love," Miss Mildred Wight; "Last Rose of Summer," Miss Rachael Graves; "Three Old Maids of Lee," Misses Flora and Hazel Winstel, Opal Feaster; "The Old Sexton," W. Bierman; violin solo, (a) "Traumerel" (b) "Minuette in G," Cecil Crandall; quartet, "Call John," Misses Olive Moe, Mildred Wight, Messrs. Congdon and Bierman; reading, A. D. Crow; "America," chorus and audience.

The receipts of the evening were over \$35 clear and this goes toward the church piano fund. Immediately after the concert R. S. Crandall photographed the group of entertainers and the money received from the sale of these pictures will also be turned into the piano fund.

Last Sunday evening services at the Presbyterian church were different from the usual ones and a large and appreciative congregation was in evidence. The orchestra rendered "Angel's Serenade" most beautifully under the direction of Mrs. F. J. Noll. This was followed by a very impressive duet by Mrs. Kirkes and Prof. Tallman. The choir under direction of Mr. Tallman sang the anthem, "Consider and Hear Me," a pleasing trio selection (piano, violin and cello), solo (piano and cello accompaniment), Mrs. C. Stewart, and solo, "Jesus Meek and Gentle," by Mrs. Wolfe were the other numbers on the program. The pastor preached a short but pointed sermon, taking Peter as his Bible character.

A large apartment house is being erected on North Highland avenue by a certain party from Los Angeles.

Plans are being made by the committees selected by the Chamber of Commerce and City Council for the

## EXCELLENT STAGE ROUTE BETWEEN SAN DIEGO AND LOS ANGELES, 135 MILES LONG

Where once the ancient stage coaches of the Studebaker and Concord type were wont to lumber over the old roads of California, now thoroughly modern motor cars spin over magnificently paved boulevards, plow through desert sands and climb the highlands over excellent mountain roads. In Southern California alone there are now more than 100 Studebaker cars covering on an average 60,000 miles a year on stage runs.

Warner M. Bateman, Studebaker dealer for San Diego county, describes an excellent highway 135 miles long which connects San Diego and Los Angeles. This route is traversed by 21 Studebaker cars operated on a stage line between the two points. These cars are not all operated by any single company, however, rather are they run by the individual owners operating on a regular schedule by mutual agreement.

Agents at the terminal practically control the selling of tickets, which are good on any stage, and by this means all cars get their full quota of passengers, and the line as an organization offers keen competition to the railroads for traffic between these two points.

One way railroad fare between San Diego and Los Angeles is \$3.85, or \$5.00 for the round trip, while on the stages it is but \$2.50 one way and \$4.50 for the round trip. Thus, passengers on the automobiles not only have an excellent trip through the open country, but they save money in the bargain.

Thanksgiving day witnessed the opening of a new and even better highway between the points mentioned, and now that it has been announced that the San Diego fair is to remain open for another year this new route will no doubt be patronized by thousands of tourists and sight-seers.

The motor stage is responsible for opening up many sections of California hitherto inaccessible, and as a

result there has been considerable development in these places, and incidentally the stages now carry considerable freight.

While in the cities the automobile has given great competition to the street cars, the competition of the automobile to the railroads for interurban traffic is California has been even greater, owing to the great development of the motor stage industry in that state.

The Studebaker representative at Riverside, Cal., states that hardly a day passes that they do not handle from ten to one hundred tourists from all parts of the union. In most cases the only cars used for official tourist drives are Studebakers. The Rubidoux mountain drive at Riverside is but one of the 'ests that bring forth compliments for the Studebaker from the manner in which the grade is taken as well as the hard turns in high gear with the car throttled down to five to eight miles an hour. And this is done with five to seven passengers as the usual load.
